

Amora 5

Passive Loudspeaker

Drawing on Rotel's decades-long commitment..., the Amora 5 is a loudspeaker built to deliver clarity, energy and natural expression. Inspired by Rotel's amplifier and audio component design heritage and built from the same foundation of disciplined engineering expertise, it presents music with a natural, engaging character that feels effortless to listen to.

The Amora 5 driver system combines a 1-inch (25 mm) silk dome tweeter, extending to 28 kHz, with a 6.5-inch (165 mm) woven fiber composite midrange/bass driver chosen for effective damping and balanced musical response. A precision-tuned 2.5 kHz crossover integrates both drivers with carefully considered component choices, supporting a smooth transition, coherent imaging, and a wide, stable soundstage.

Every detail of the cabinet contributes to performance and presentation. The resonance-controlled MDF enclosure is engineered to reduce unwanted coloration, while the rear-mounted reflex port supports low-frequency extension to 48 Hz.

Laminate finishes, a screwless front assembly, and a removable acoustic fabric front grille give the Amora 5 a refined appearance suited to modern listening spaces.

Dual sets of gold-plated speaker terminals support standard single-wire or bi-wire connections, allowing flexible system setup. Measuring 13.8 inches (350 mm) high, 7.5 inches (190 mm) wide, and 11.8 inches (300 mm) deep, and weighing 17 lb (7.7 kg), the Amora 5 balances efficient placement with meaningful cabinet volume and material substance. The result is an engaging loudspeaker that pairs beautifully with Rotel systems while standing confidently in any quality audio setup.

Amora 5

Passive Loudspeaker

SPECIFICATION

Design	2-way bass-reflex loudspeaker
Drive units	1 x ø 25 mm (1 in) silk dome tweeter 1 x ø 165 mm (6.5 in) woven fibre composite midrange/bass driver
Crossover Frequency	2.5 kHz
Frequency Response	48 Hz - 28 kHz
Sensitivity (2.83Vrms / 1m)	87 dB
Nominal impedance	8 Ω
Recommended amplifier power	30 - 120 Watts
Dimensions (H x W x D)	350 x 190 x 300 mm 13.8 x 7.5 x 11.8 in
Net weight	7.7 kg (17 lb)
Cabinet Structure	MDF
Cabinet finishes	Matte Black Matte White
Grille finish	Black
Speaker Terminals	Dual gold-plated
